

# A KHAN, AN EMIR, A SULTAN!

<https://www.2thepointnews.com/a-khan-an-emir-a-sultan-2/>

Is this the all-powerful potentate of a remote exotic Khanate, Emirate, or Sultanate hidden in the deep recesses of an unknown corner of Asia? Wielding his mighty sword ready to bestow a knighthood on those who please him or decapitate those who don't?

Could be – he looks ready to do either, doesn't he?

Or is it me, dressed up as a Khan, an Emir, a conquering Sultan, just for fun? Your call.

Whatever you decide, this photo was taken in the fabulously exotic ancient Silk Road Oasis of Bukhara in the heart of Central Asia not long ago. And to have this same photo of yourself, come with me when I plan my next Central Asia expedition soon. You'll have one of the great adventures of your life if you do.
