<https://www.2thepointnews.com/heaven-on-herm-2/>

Belvoir Beach, Herm, Channel Islands. Could there be a more idyllic lunch—grilled lobster, fresh garden salad, chilled Chardonnay – here on Herm, the smallest of the five main Channel Islands. There’s Jersey, Guernsey, Sark, Alderney – and tiny Herm. Less than one square mile, but overflowing with charm and hospitality – from the Victorian White House Hotel to the Mermaid Pub to lobsters at Belvoir Beach. Coming here is a true escape from the worries of the world. At Herm they are a long ways away. *Glimpses of Our Breathtaking World #177*
