The "Ark" was the palace-fortress of Bukhara rulers since 500 BC. The ancient Silk Road oasis has a history of 5,000 years. Today Bukhara is in Uzbekistan, one the Stans of Central Asia. Each are uniquely enchanting. Together they comprise one of the most culturally, historically, and scenically spectacular, yet mysterious and unknown, regions on our Earth. Let me know if you'd like to experience them with me by joining your fellow TTPers to explore The Heart of Central Asia – Sept 18-Oct 4, 2022.
