

THE FOURTH PEARL OF SHING

<https://www.2thepointnews.com/the-fourth-pearl-of-shing-3/>

There is a series of stepping-stone lakes in a hidden valley in Tajikistan known as The Seven Pearls of Shing. This is the fourth, taken at dawn's early light with the lake a mirror reflecting the sky and surrounding mountains. Each Pearl are of different colors, each of uniquely mesmerizing allure. It is one of the many wonders – natural, cultural, historical – we'll experience this again soon in our exploration of all Five Stans of Hidden Central Asia.
