

THE NATURAL INFINITY POOL OF SOCOTRA

National Geographic calls the remote island of Socotra off the coast of Yemen in the Indian Ocean “the most alien-looking place on our planet,” because of its incredibly weird and bizarre plant life like the Dragon’s Blood Tree.

Yet it is safely far away from anarchic Yemen, peaceful and serene in its isolation. And it contains places of mesmerizing beauty – like this natural infinity pool on a cliff edge high above the ocean in full view. Socotra is spectacularly exotic, like nowhere else in our world. It is truly life-memorable to experience it. Wheeler Expeditions was there in the Spring of 2014 – and we’ll be there again in the Spring of ’23.
