Because they want to destroy America and he stands in their way.

Because they want to destroy you and he will protect you from them.

Because he offers hope instead of despair, prosperity instead of impoverishment, decency instead of degradation, normality instead of pathology, and freedom instead of fascism.

Because he is an American and they do not want to be.

Because they know he will triumph unless they destroy him first.

The video above was posted the morning after the FBI Gestapo Raid on his and his wife's home.
